

Candidate Authentication Statement for OCR Cambridge Technicals (MAPS version)

All candidates must confirm that the work they do for every unit is their own. This form is to be completed when work is submitted for assessment in MAPS and it can cover more than one unit (there is space to list all units, by number).

Centres must make sure there is a statement covering every unit that makes up the candidate's qualification. The completed form should be kept at the centre although it can be stored in the candidate's portfolio in MAPS if desired. OCR may ask to see the completed form and it must be made available on request.

NOTICE TO CANDIDATE

The work you submit for assessment must be your own.

You must not copy the work of another candidate or allow another candidate to copy your work. This would be cheating and is a breach of the exam regulations.

If you use (or copy) any text or images from books, magazines or any other printed materials or from the internet in your work **you must** acknowledge it by referencing where it came from*. This means you must say where the text and/or image is from and who the author is. If you do not reference the work of other people it is plagiarism.

If you breach the exam regulations in any way including plagiarising the work of other people there may be penalties imposed on you, which could result in you being disqualified and not receiving any results for this qualification. Breaching the exam regulations might also include disqualification from other OCR qualifications.

*Your teacher or the person advising you on your qualification will be able to tell you about how to reference the work of other people.
